Skills

Bioinformatics and Genomic Analysis

Protein and Nucleotide Databases, BLAST, Whole Genome Sequencing (WGS), Transcriptome Sequencing (RNA-SEQ), Whole Exome Sequencing (WES) Data Analysis, Quality Control and Trimming, Alignment, Quantification, DEGs detection, Variant Calling, Error Correction, Adapter Removal, Pathway/Regulatory Networks/Disease association Analysis, Reference-Guided Assembly, Contig and Scaffold Generation, Annotation

Data Science & Statistics

Data Analysis, SPSS, Predictive Modelling, Regression Analysis, Sampling

Microbiological Techniques

Pipetting, Polymerase Chain Reaction (PCR), Quantitative PCR (qPCR), DNA and RNA Extraction, Protein Purification, Enzyme-linked Immunosorbent Assay (ELISA), Northern/Southern/Western Blot, Gel Electrophoresis, Mass Spectrometry

Operating Systems & Programming

Linux: bash scripting, environment installation and management with `conda`

Coding: Python for data analysis and statistics, SQL

Education

2023/01 – 2024/05
Middlesbrough, UK

MSc in Bioinformatics

Teesside University

Thesis: Analysis of RNA-Binding Protein Interactions and Translation Efficiency in leukaemia cells

Courses: Advanced Bioinformatics, Genomics Technologies, Data analytics, Python for Bioinformatics, Infectious diseases, Clinical Biochemistry

2019/09 – 2020/12
Nancy, France

MSc in RNA and Enzyme Sciences

University of Lorraine

Thesis: Identification of oxytocin-related genes and assessment of their expression in breast cancer

Courses: Fundamental In RNA & Enzyme, Advanced Genetic Engineering, Biomolecules Engineering and Biotechnologies, RNA functions in Physiopathological situation, Bioinformatics, Transcriptomics and Proteomics, RNA Engineering as target and therapeutic tool

2014/09 – 2018/07
Tonekabon, Iran

BSc in Cellular and Molecular Biology, Genetics

Azad University of Tonekabon

Experience

2024/01 – 2024/06
Darlington, UK

Internship (MSc research project)

Teesside University

2020/04 – 2020/12
Tehran, Iran

Internship (MSc research project)

Shahid Beheshti University of Medical sciences

2018/07 – 2019/07
Tehran, Iran

Pharmacy dispenser

Atlas pharmacy

2017/05 – 2017/10
Karaj, Iran

Trainee (Biochemistry and Microbiology)

Dr.Pourmohammadi medical diagnostic Laboratory

Certificates

Python programming
Sematec IT Training Center

SQL Server 2022 Database Implementation
Sematec IT Training Center

Publications

2021/03/19 **Identification of oxytocin-related lncRNAs and assessment of their expression in breast cancer**
Scientific Reports

Awards

2024/06/01 **Graduated with Distinction, MSc in Bioinformatics , 2024**
Teesside University
